USA v. 23-199-05

Case No. 5:23-mj-210

FILED UNDER SEAL

REDACTED AFFIDAVIT
IN SUPPORT OF
SEARCH WARRANT

STATE OF SOUTH DAKOTA)
COUNTY OF PENNINGTON)

AFFIDAVIT IN SUPPORT OF SEARCH WARRANT

I, Daniel M. Ullrich, Postal Inspector, U.S. Postal Inspection Service, after being duly sworn under oath, do depose and state as follows:

This Affidavit is in support of a search warrant for USPS parcel bearing tracking number 9405 5362 0624 8467 6181 34 (hereafter SUBJECT PARCEL).

INTRODUCTION AND AGENT BACKGROUND

1. I am a United States Postal Inspector and have been so employed since July 2022. In 2022, I completed a 16-week Basic Inspector Training course at the federally accredited U.S. Postal Inspection Service training center in Potomac, Maryland. I am currently assigned to the United States Postal Inspection Service (USPIS) Denver Division, specifically to a multifunction team stationed in the Rapid City, South Dakota Domicile. My duties as a U.S. Postal Inspector in Rapid City, SD, involve the investigation of narcotic violations involving the United States Mail. As a U.S. Postal Inspector one of my responsibilities include the detection and prevention of the transportation of narcotic/controlled substances through the United States Mail, to include, conducting narcotic investigations and executing arrests of individuals for violations of Title 21, United States Code, Sections 841(a)(1), 844, (Distribution of a

Controlled Substance), and 846 (Conspiracy to Distribute a Controlled Substance). Part of my training as a Postal Inspector includes narcotic trafficking investigative techniques related to the identification and detection of the controlled substances being transported in the United States Mail.

2. The information contained within this Affidavit is based on my observations, training and experience, as well as information relayed to me by other law enforcement officers involved in this investigation. Because this Affidavit is being submitted for the limited purpose of securing a search warrant, I have not included each and every fact known to me concerning this investigation. I have set forth only the facts that I believe are necessary to establish probable cause for the requested warrant.
3. I know, based on my experience and the experience of other law enforcement officers I have worked with and spoken with, that the United States Postal Service (USPS) is frequently used by drug traffickers to ship controlled substances and illegal drug proceeds. Drug traffickers also use the USPS because parcels they send can be assigned a tracking number, which allows them to confirm the location of their parcel via a toll-free number or the USPS's website.
4. Based on my experience, training, and discussions with other law enforcement officers experienced in controlled substance investigations, USPS parcels containing controlled substances, or illegal drug proceeds often fit a common profile, which is derived from the methods used by shippers to balance their competing needs to ensure their parcels are reliably delivered, but also to ensure that the presence of controlled substances or illegal drug proceeds is not easily discovered by the

authorities or third parties. Some of the most common indicators that a parcel is being used in a controlled substance transaction are listed below:

- a. It is a common practice for the shippers of the controlled substance and/or illegal drug proceeds to use Priority Mail Express and Priority Mail because the drugs or proceeds arrive faster and on a predictable date. These mail services also allow the shippers to keep track of their shipments.
- b. Parcels with controlled substances or illegal drug proceeds typically contain a fictitious return address, no return address, the same address as the one listed for the addressee, or a return address that does not correspond to the neighborhood from which the parcel was mailed. These parcels are also sometimes addressed to or from a commercial mail receiving agency (i.e., UPS Store, Etc.). Drug traffickers use these methods to hide from law enforcement the true identity of the person(s) shipping and/or receiving the controlled substance or illegal drug proceeds.
- c. Drug traffickers using the USPS to mail controlled substances or illegal drug proceeds will often make payment for the mailing with cash or online methods rather than credit or debit card. The use of cash and online methods allow the people involved in the transaction to remain anonymous and avoid detection by law enforcement.
- d. When a shipper mails controlled substances, the proceeds from the sale of these controlled substances may be returned to the shipper. These proceeds are commonly sent in the form of U.S. currency. Based on experience and discussions with other law enforcement agents, there are known drug source states, e.g., California, Colorado, Arizona, Nevada, Oregon, Washington, Texas,

and Puerto Rico, from which controlled substances are mailed and to which the drug proceeds would be returned.

- e. In order to conceal from trained narcotic dogs the distinctive smell of controlled substances, or U.S. currency that has been exposed to controlled substance, parcels containing these substances tend to be wrapped excessively in bubble-pack, wrapping plastic, and multiple heat or vacuumed sealed bags. The seams of such parcels are also often sealed with tape. Furthermore, they are often packaged so that a smaller parcel containing controlled substances is sealed around the seams, wrapped, and placed inside a larger parcel. Sometimes perfumes, coffee, dryer sheets, tobacco or other substances with their own distinct smell are used to mask the odor of the controlled substance being shipped. Another popular trend is for the controlled substances to be placed into re-sealed aluminum cans or other containers.
5. I know from my training and experience, as well as my discussions with other law enforcement officers, that the following controlled substances are likely to be found during successful parcel interdictions: marijuana, methamphetamine, cocaine, LSD, psilocybin mushrooms, heroin, opium, MDMA and counterfeit pills containing Fentanyl as well as the proceeds from the sale of these controlled substances.
6. I know from training and discussions with other law enforcement officers that these parcels sometimes contain information and documentation related to the sales and distribution of controlled substances. The documentation can include, but is not limited to, information and instructions on the breakdown and distribution of the controlled substances at the destination, information on the use and effects of the various controlled substances, the quality of the controlled substances, information

on the actual sender, and information and instructions for ordering future-controlled substances.

7. In this search warrant application, I seek this Court's authority to search the SUBJECT PARCEL, as more fully described in ATTACHMENT A, for the items identified in ATTACHMENT B.
8. It is my request that if the SUBJECT PARCEL is found to contain U.S. currency ("USC") or other items that do not constitute contraband, the United States Postal Inspector conducting the search may document the contents of the SUBJECT PARCEL through means including, but not limited to, photographing and photocopying the contents and if applicable seize and replace packaging materials which may contain evidence for DNA or Fingerprint processing, and then re-package the SUBJECT PARCEL and cause it to be delivered to the intended recipient. However, if the SUBJECT PARCEL contains controlled substances, they will be removed and seized, along with any other items enumerated herein.

RELEVANT FACTS PERTAINING TO THE INVESTIGATION

9. Based on my training, experience, and the collective experiences relayed to me by other Postal Inspectors who specialize in investigations related to the mailing of controlled substances and proceeds from the sale of controlled substances, I am aware that the State of South Dakota is a destination location for controlled substances that are regularly mailed from other states via USPS Priority Mail Express and Priority Mail.
10. Based on my training, experience, and the collective experiences relayed to me by other Postal Inspectors who specialize in investigations related to the mailing of

controlled substances and proceeds from the sale of controlled substances, I am aware that California is a source area for narcotics.

11. On or about August 30, 2023, I was contacted by Officer Walno of the Spearfish Police Department about a traffic stop and arrest he conducted on August 14th, 2023. Officer Walno informed me that he arrested Jason Gorczewski and during that arrest, a canvas bag was in his vehicle which contained a glass pipe with white powder residue, a digital scale, glass vial with white crystalline powder, and several small individually packaged clear baggies believed to be methamphetamine. Officer Walno applied for and was granted a search warrant on GORCZEWSKI's phone. Within the phone, communication about pricing and what appeared to be methamphetamine purchasing were located. A photo of a USPS parcel mailed to GORCZEWSKI was located. The photo showed the parcel return/sender as "Travis's Accessories and More" and the origin area was Cheyenne, Wyoming. Based on the discussion in the conversation, the next subsequent photo showed the parcel contained what is believed to be an unknown amount of "acid", which is a controlled substance and slang for lysergic acid diethylamide (LSD). Officer Walno's report noted that he was unable to find a legitimate business associated with Travis's Accessories and More.

12. On September 1, 2023, I reviewed USPS business records for GORCZEWSKI residence at [REDACTED] Sturgis, SD 57785. I identified one parcel which had been mailed to the address, that originated from Cheyenne, Wyoming. The parcel postage was paid for through PC Postage and records reflected an approximate mailed weight of 3.875 lbs. Records showed that the return/sender was Travis's Accessories and More at [REDACTED] Cheyenne, WY 82009. The

parcel was delivered on August 12, 2023, at approximately 1:23 PM, two days prior to Officer Walno's traffic stop.

13. On September 29, 2023, I was granted a Federal Search Warrant for a parcel destined for a different address within Rapid City, SD, which originated from the same sender identified by Officer Walno's traffic stop, matching the same characteristics as the parcel GORCZEWSKI received from Wyoming. That parcel was found to contain THC wax.
14. Further review identified several additional parcels which originated from California that match characteristics for narcotics parcels. Within the month of September 2023 there were three priority mail parcels mailed to [REDACTED]; two of the parcels listed a return address of Hobby Max SF at [REDACTED] San Francisco, CA 94127 and one parcel listed Pro Fishing SF at [REDACTED] San Francisco, CA 94118. All three parcels were delivered as intended. A search in CLEAR, public business records, and other data available to law enforcement showed that both addresses listed above are residential addresses and are not valid businesses registered within California.

RELEVANT FACTS PERTAINING TO THE SUBJECT PARCEL

15. On October 10, 2023, while reviewing USPS business records, I identified a new inbound parcel from California (SUBJECT PARCEL - 9405 5362 0624 8467 6181 34) which matched similar characteristics as the previously identified parcels that originated from California. On October 12, 2023, I intercepted the SUBJECT PARCEL for further review. I observed the SUBJECT PARCEL to contain the following suspicious characteristics:

- a. The SUBJECT PARCEL is a Priority Mail parcel, which is an expedited mailing service that provides real time tracking expedited delivery services.
- b. The SUBJECT PARCEL contained a return name of Hobby Max SF, which is the same return address as two of the previous parcels, however the address is different.
- c. The SUBJECT PARCEL was paid for with PC Postage, allowing the sender to easily utilize a fictitious return address and name.
- d. The SUBJECT PARCEL was mailed from California, which is a known drug source area.

16. The SUBJECT PARCEL utilized PC Postage and listed a return address of Hobby Max SF at [REDACTED] San Francisco, CA 94127. The parcel was addressed to Jason Groczewski at [REDACTED] Sturgis, SD 57785.

- a. A review of the listed return address of [REDACTED] San Francisco, CA 94127, revealed that the property is a private residence not a business. I was unable to locate a business by that name or located at that address registered in the State of California.
- b. It should be noted that on this parcel, the spelling of "Groczewski" is likely a typo with the actual intended name GORCZEWSKI, who is known to law enforcement.

17. Based on my training and experience, I know that it is common for individuals who ship narcotics using the US mail to use a fictitious name and/or address as the return/sender, attempting to remain anonymous in the event of law enforcement involvement. I know that it is also common for individuals to utilize a fictitious business name in the same manner.

18. Based on the facts set forth in this Affidavit, your Affiant submits there is probable cause to believe that a controlled substance, or the proceeds from the sale of or for the purchase of controlled substances, are concealed in the aforementioned SUBJECT PARCEL, and seeks a search warrant directing the search of the SUBJECT PARCEL described herein and the seizure of the enclosed material relating to the distribution of controlled substances. I declare under penalty of perjury that the foregoing is true and correct.

REQUEST TO SEAL

19. I request an order sealing this case until further order of the Court, in that this search is being conducted as part of an ongoing federal criminal investigation. Disclosure of information contained in the documents incorporated in this search and filed with the Court could seriously jeopardize this ongoing investigation.

CONCLUSION

20. I submit that based on the facts set forth in this Affidavit, there is probable cause to believe the SUBJECT PARCEL described in Attachment A contains evidence, fruits, and or instrumentalities of Violations of 21 U.S.C. §§ 841(a)(1), 846 and 844. Therefore, I request permission to search the SUBJECT PARCEL in Attachment A for the evidence, fruits, and instrumentalities identified with particularity in Attachment B.

21. Based on the foregoing, I request that the court issue the proposed search warrant.

SEARCH AND SEIZURE WARRANT

To: Any authorized law enforcement officer

An application by a federal law enforcement officer or an attorney for the government requests the search of the following person or property located in the District of South Dakota (*identify the person or describe the property to be searched and give its location*):

See **ATTACHMENT A**, attached hereto and incorporated by reference.

I find that the Affidavit, attached hereto and incorporated by reference, or any recorded testimony, establish probable cause to search and seize the person or property described above, and that such search will reveal (*identify the person or describe the property to be seized*):

Evidence of a crime in violation of 21 U.S.C. §§ 846, 841(a)(1) and 844, as described in **ATTACHMENT B**, attached hereto and incorporated by reference.

I find that the Affidavit, attached hereto and incorporated by reference, or any recorded testimony, establishes probable cause to search and seize the person or property.

YOU ARE COMMANDED to execute this warrant on or before 10-30-23 (*not to exceed 14 days*)

☒ in the daytime 6:00 a.m. to 10 p.m. ☐ at any time in the day or night because good cause has been established.

Unless delayed notice is authorized below, you must give a copy of the warrant and a receipt for the property taken to the person from whom, or from whose premises, the property was taken, or leave the copy and receipt at the place where the property was taken.

The officer executing this warrant, or an officer present during the execution of the warrant, must prepare an inventory as required by law and promptly return this warrant and inventory to Daneta Wollmann.

(*United States Magistrate Judge*)

☐ Pursuant to 18 U.S.C. § 3103a(b), I find that immediate notification may have an adverse result listed in 18 U.S.C. § 2705 (except for delay of trial), and authorize the officer executing this warrant to delay notice to the person who, or whose property, will be searched or seized (*check the appropriate box*)

☐ for _____ days (*not to exceed 30*). ☐ until, the facts justifying, the later specific date of _____

☐ I find that good cause has been established to authorize the officer executing this warrant to not provide notice prior to the execution of the search warrant, i.e., "no knock".
